

Lead-Based Paint Risk Assessor / Inspector (Baltimore, MD; Philadelphia, PA; New York, NY)

Arc Environmental, an environmental consulting firm with offices located in Baltimore, MD; Washington, DC; Philadelphia, PA; and New York, NY, is currently seeking qualified candidates to fill full time Lead-Based Paint Inspector and Risk Assessor positions at all office locations.

Candidates will be required to possess computer competencies including: Microsoft Word and Excel. A high school diploma or equivalent, personal vehicle, and a valid driver's license are required in order to be considered for the position. Although a licensed candidate is preferred, the Company will provide the necessary training to a candidate demonstrating the potential and aptitude for this position.

The desired candidate must also exhibit the following qualifications:

- Reliable
- Friendly
- Ability to work in a fast-paced environment
- Highly organized
- Pays attention to detail
- Ability to work efficiently within a group and independently
- Flexible attitude
- Ability to work effectively with all levels of management and other colleagues
- Demonstrates initiative
- Responsible for accuracy
- Courteous phone skills

Duties and responsibilities will include:

- Following state and federal guidelines in order to determine whether Lead-based paint containing materials are present in architectural components, assess the physical characteristics of identified Lead-based paint, and estimate the degree of current or potential hazards posed by the Lead-based paint;
- Delineating homogeneous areas, collecting samples and packing them to be shipped to and analyzed by an accredited laboratory;
- Performing visual inspections and collecting information on the physical condition and location of lead-based paint;
- Evaluating reports, interpreting sampling data and preparing reports for clients;
- Working independently and within a team on nonrecurring and ongoing projects;
- Collecting payments while in the field;
- Responding to client inquires and requests;
- Regular communication with office staff while in field;
- Coordinating with office staff; and
- Completion of other tasks as required

In addition to competitive salaries, Arc Environmental offers group health insurance, 401k plan, mileage reimbursement and paid vacation.
